

March 26-28, 2012, Hammamet-Tunisia

CALL FOR PAPERS

The Organizing Committee is pleased to announce the First International Conference on Renewable Energies and Vehicular Technology (REVET) that will be held in Hammamet from 26 to 28 march 2012. The conference is devoted to the Renewable Energies and Vehicular Technology for a clean environment. REVET is an opportunity to academics, scientists, engineers, researchers, manufacturers and users to discuss, to present and to assess the results of their research work on recent developments in the areas of Renewable Energies and Vehicular Technology and their different applications for a clean environment.

Topics

- Wind energy
- Photovoltaic energy
- Domestic uses
- Smart grid
- Motion control drive
- Motor design
- Hybrid renewable energy
- Energy sources storage
- Energy management
- Advanced control of wind systems
- Thermal and solar energy
- Hybrid or electric vehicle powertrain
- Monitoring and diagnostic
- Transmission technologies
- Mobile satellite and position systems
- Vehicular electronics and telematic
- Wireless power transfer
- Power electronic devices

Important Dates

- Submission of full paper
November 26, 2011
- Provisional acceptances
January 10, 2012
- Camera ready submission
January 28, 2012
- Final acceptances
February 6, 2012

Organizing Committee

- General Chairs**
Abderrazak Ouali (Tunisia)
Demba Diallo (France)
- Program Chair**
Rafik Neji (Tunisia)
- Organizing Chairs**
Ibrahim Ben Salah (Tunisia)
Zied Driss (Tunisia)
Abdelmajid Oualha (Tunisia)
- Registration Chair**
Med. A. Fakhfakh (Tunisia)
- Publication Chair**
Naourez Belhadj (Tunisia)
- Sponsorship Chair**
Mourad Chabchoub (Tunisia)

All accepted and presented papers will be published in the Conference Web site and in IEEE Xplore database. From the best presented works, indexed journals will produce a special edition.
